Gentlemen:

This refers to the inspection conducted by Mr. F. Jape of this office on October 3-5 and October 8-11, 1973, of activities authorized by AEC Operating License No. DPR-47 for the Oconee Unit 2 facility, and to the discussion of our findings held by Mr. Jape with Mr. J. E. Smith at the conclusion of the inspection.

Areas examined during the inspection and our findings are discussed in the enclosed inspection report. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the inspector.

During the inspection it was found that certain activities under your license appear to be in violation of AEC requirements. The violations and references to pertinent requirements are identified in Section I of the summary of the enclosed report.

This notice is sent to you pursuant to the provisions of Section 2.201 of the AEC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations.

With regard to violation 1., "Ventilation Imbalance Between Turbine Building and Auxillary Building", please provide us within 20 days, in writing, with your comments concerning this item, a description of any steps that have been or will be taken to correct this item, a description of any steps that have been or will be taken to prevent recurrence, and the date the corrective actions or preventive measures were or will be completed.

No response is required for violation 2, "Incomplete Documentation of Test Results," since this matter was resolved and corrective action completed during the inspection.

We have also examined actions you have taken with regard to previously identified enforcement matters and unresolved items. The status of these items is identified in Sections II and IV of the summary of the enclosed report.

One new unresolved item resulted from this inspection and is identified in Section III of the summary of the enclosed report. This item will be examined on subsequent inspections.

In accordance with Section 2.790 of the AEC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed inspection report will be placed in the AEC's Public Document Room. If this report contains any information that you believe to be proprietary, it is necessary that you submit a written application to this office requesting that such information be withheld from public disclosure. If no proprietary information is identified, a written statement to that effect should be submitted. If an application is submitted, it must fully identify the bases for which information is claimed to be proprietary. The application should be prepared so that information sought to be withheld is incorporated in a separate paper and referenced in the application since the application will be placed in the Public Document Room. Your application, or written statement, should be submitted to us within 20 days. If we are not contacted as specified, the enclosed report and this letter may then be placed in the Public Document Room.

Should you have any questions concerning this letter, we will be glad to discuss them with you.

Very truly yours,

Norman C. Moseley
Director
