Mr. John A. Blume & Associates,
Engineers
612 Howard Street
San Francisco, California 94105

Attention: Mr. Roland L. Sharpe
Executive Vice President

Dear Mr. Sharpe:

I am forwarding for your information and use two copies of Babcock & Wilcox Topical Report No. BAW-10008, Part I, Revision 1 dated June 1970. This Topical Report is titled: "Reactor Internals Stress and Deflection Due to Loss-Of-Coolant Accident and Maximum Hypothetical Earthquake," and is referenced by the Duke Power Company.

By letter dated July 17, 1969 you were provided with two copies of the original Part I of the above report. The enclosure replaces those copies.

Sincerely yours,

Original Signed by
Charles G. Long

Richard C. DeYoung, Assistant
Director for PWRs
Division of Reactor Licensing
