Re: Duke Power Company  
Docket Nos. 50-269, 50-270 and 50-287

Dear Mr. Engelhardt:

The Atomic Safety and Licensing Board extends to August 25th as the date on or before which the Board will receive the brief from the Regulatory Staff respecting the standing or interest of the Piedmont Cities to become intervenors in this proceeding.

While you undoubtedly will conform to the practice of the Regulatory Staff to complete and file your brief as soon as possible, which may be prior to August 25th, nevertheless the Board will receive the brief on or before that date.

If the Applicant Duke Power Company desires to file any memorandum in this respect, the date of August 25th may likewise be utilized for their submission. It is expected that the Piedmont Cities brief will include all subjects believed pertinent by them to their petition and motion.

Very truly yours,

*Samuel W. Jensch*
