The intervenor has also requested RO correspondence for Oconee for 1968 and 1969, and all RO Inquiry Reports for Oconee and McGuire since the May 11, 1972 one re Oconee Unit 1 Control Rod Drive.

In addition, the intervenor seeks: "Comparative data on quality performance of other utilities vis-a-vis Duke Power Company. Specifically, for comparable stages of construction and operation, the number of violations in categories I, II, and III of Duke in relation to the average and to the maximum and the minimum of all other utilities receiving construction permits since Jan. 1, 1963 (a ten year period). The time base would be the calendar year".

Please forward two copies each of the above information, to the extent that it exists, directly to Lawrence Brenner of this office by January 15, 1974. Your continuing assistance in the Catawba proceeding is greatly appreciated.
