Docket No. 50-269

DUKE POWER COMPANY (OCONEE 1) - REQUEST TO DELETE PROPRIETARY
INFORMATION FROM RO REPORT NO. 50-269/73-4

This refers to my memorandum dated June 26, 1973, subject as above, in which I requested assistance from OGC in resolving a claim for proprietary information in RO Inspection Report No. 50-269/73-4. As you know, OGC deferred action on our original request pending the outcome of a second review of the report by Duke in connection with the release of Oconee and McGuire reports to the intervenor in the McGuire case. As discussed with you on August 7, 1973, Duke Power Company, in a letter to Grey Staples, OGC, dated July 31, 1973 reaffirmed that the report contains information considered by B&W to be proprietary. A copy of that letter is attached for your information. It is my understanding that you plan to reactivate work on the original request of June 26, 1973, in order to resolve this matter at an early date.
