Honorable James R. Mann
House of Representatives

Dear Mr. Mann:

This is in response to your recent inquiry regarding a letter you received from Charles W. Parrott III, President, Piedmont Organic Movement, Greer, South Carolina. Mr. Parrott's letter deals with an occupational exposure incident at the Duke Power Company's Oconee Nuclear Station reported in the Greenville Piedmont.

As you know, Mr. Parrott has contacted me directly by letter dated October 11, 1973, requesting a substantial amount of information on this and other matters. We are now in the process of gathering the requested material. Indeed, we have contacted Mr. Parrott by telephone three times already in an effort to be as responsive as possible to his comprehensive request.

When we have collected all the information which Mr. Parrott has requested we would be pleased to provide a copy for your records.

Sincerely,

Donald F. Knuth
