Gentlemen:

This letter is in regard to the revision of the schedule for our environmental review of your application for an operating license for Davis-Besse Unit 1 located in Ottawa County, Ohio. We have evaluated our workload in view of your scheduled December amendment to the Davis-Besse Unit 1 Environmental Report (OL Stage), and, based on this evaluation, we have retargeted the issuance of our Final Environmental Statement for August 8, 1975. A summary of the more important milestones as changed are provided as an enclosure to this letter for your information and review. It should be realized that the enclosed dates are target milestones which may require some changes as the review process proceeds. While we will not formally inform you (by letter) of minor changes to the schedule, we will confirm in writing, significant changes to the schedule.

After your review of these milestone changes, please inform us as to whether or not you believe the dates are realistic.

Sincerely,

*Original signed by
