SUBJECT: Helix Process Systems
Application for License to Export
XCOM 0397

Gentlemen:

Please advise us of the current status of our March 17, 1980, application for license to export a Waste Gas Management Treatment System for the Koberg Nuclear Power Station in South Africa.

Any delays in processing this application will be very costly to Helix. Our present contractual delivery date is November 15, 1980, and any delay past this date carries liquidated damages in the amount of \$84,000.00.

Your written response to this request by June 13, 1980, including a complete description of any pending problem areas, will be greatly appreciated.

We are available to meet with NRC and the State Department if we can be of any assistance in expediting the processing of our application. Should you have any questions concerning this request, please advise me immediately.

Very truly yours,

HELIX PROCESS SYSTEMS

William J. Murphy
