Dear Dr. Skelton:

During a recent discussion with Andrejs Simanis, the week of July 14-18, 1980, was suggested for the next review of the Georgia radiation control program. The review will include field evaluations of State Inspectors on July 14, 1980. Our representatives for the review and field evaluations will be J. F. Kendig and Craig Gordon.

If your schedule will permit, I would like to have Mr. Kendig and Mr. Gordon summarize the results of the program review with you during the afternoon of July 18, 1980.

Sincerely,

15/  
G. Wayne Kerr, Assistant Director  
for State Agreements Program
