MAY 15 STE

Duke Power Company ATTN: Mr. Austin C. Thies Senior Vice President Production and Transmission 422 South Church Street P. O. Box 2178 Charlotte, North Carolina 28201

## Gentlemon:

Duke Power Company is requested to smend its Oconee Units 2 and 3 applications to provide current financial information in compliance with 10 CFR 50.33 (f) and 10 CFR 50, Appendix C. This information must be sufficient to enable the AEC to determine Duke's financial qualifications and must be current. In order for the information to be current and still not delay our licersing review you should plan to submit the information on September 15, 1972, and it should be current in the time period August 15, 1972 - September 15, 1972. This schedule allows 30 days for preparation of the information by Duke and 30 days for the AEC to analyze it prior to a scheduled November ACRS meeting.

With regard to Oconee 2 and 3, the following updated financial information is requested.

- 1. Estimated annual costs to operate each unit for the next five years or the period of the license. The types of cost included in the estimate are to be indicated and are to include (but not necessarily be limited to) interest on investment, overhead, taxes, depreciation, and other operation, maintenance, insurance, and fuel costs.
- 2. Extimated cost of permanently shutting lown each unit (when this becomes necessary), the assumptions made in estimating this cost, and the source of these funds.
- 3. Estimated annual cost to maintain each shutdown facility in a safe condition and the source of these funds.
- 4. Annual report for calendar year 1971.
