Dear Mr. Barton:

As was arranged with you by phone on August 26, 1971, I have contacted Mr. J. R. McWherter of Oak Ridge National Laboratory to meet us at the Holiday Inn, Clemson, South Carolina the evening of August 31, 1971.

Mr. McWherter has advised me that he will be accompanied by Messrs. Nelson, Dunaway, Parker, Kithings and Blankenship all from Oak Ridge National Laboratory. I understand that you will be joined at Oconee by G. A. Boney, Environmental Engineer and Bill Gregg, Chief Counsel of Duke Power Company.

We are to visit the Oconee site early September 1, 1971.

Sincerely,

R. W. Wolfgang
