We have reviewed revision 4 to the security plan for the Davis-Besse Nuclear Power Station Unit 1 as submitted with the applicant's letter dated November 15, 1976. On the basis of the material submitted, it is not clear that the finding contained in our previously submitted SER is still valid for this current revision. In order to make a conclusive finding, additional information is needed as set forth in the enclosure which should be withheld from public disclosure pursuant to 19 CFR 2.790.
