Dear Mr. Price:

We certainly enjoyed visiting with you and your associates when we were in Washington last week. It was indeed good to renew old acquaintances and make some new ones.

We very much appreciated your taking time from a very busy schedule to sit and chat with us. Our discussions were fruitful in that we have a better idea as to how to proceed in getting ready to file our application for license.

Again thank you very much for having given us your time.

Sincerely,

*A. P. Perez*
