MEMORANDUM FOR: Distribution

FROM: Joseph M. McGough, STS Group Leader, Division of
Operating Reactors

SUBJECT: CRYSTAL RIVER - UNIT 3

Enclosed is the Proof and Review Copy of the Crystal River - Unit 3 Technical Specifications that are tentatively scheduled for issuance as Appendix "A" of the Operating License for this facility on or about January 15, 1977. These specifications have been generated from the June 1, 1976 revision of the Babcock and Wilcox Standard Technical Specifications with minor modifications as necessary to accommodate plant specific design features.

Each reviewer should examine the appropriate sections of this document to ensure the accuracy and completeness of the specifications. Comments should be provided to L. Engle - LWR Branch No. 1 (Ext. 27391) and J. Roe - STS Group (Ext. 27306) by October 15, 1976 in order to allow sufficient time for resolution and incorporation prior to issuance.
