Environmental Review Meeting  
(File: 0900)

Gentlemen:

On May 4, 1977, we plan to have our Spring 1977 semi-annual environmental monitoring program informational meeting. We anticipate that the Environmental Evaluation Branch will wish to be represented. Contents of the semi-annual environmental operating report will be presented as well as the results of the thermal plume mapping effort at ANO and the results of an impingement impact analysis done for ANO. Copies of the latter two reports will be available at the meeting for those interested. The meeting will be held at 9:30 a.m. in the Reddy Kilowatt Room in the AP&L office building at Ninth & Louisiana Streets. We would appreciate knowing in advance whether NRC will be represented.

Very truly yours,

*Donald A. Rueter*
