Marshall E. Miller, Esq.
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Re: Proposed Rulemaking on the Storage
and Disposal of Nuclear Waste (Waste
Confidence Rulemaking), NRC Docket
No. PR-50,51 (44 FR 61372)

Dear Mr. Miller:

The United States Department of Energy (DOE) filed and served its Statement of Position in the above-entitled proceeding on the April 15, 1980 due date. Since then, DOE has published another document on spent nuclear fuel that should be of use to the Commission and the Participants in this rulemaking. The five-volume document is the Final Environmental Impact Statement-U.S. Spent Fuel Policy, DOE/EIS-0015 (May 1980)(Final EIS). This is the final version of a draft environmental impact statement published in 1978.

DOE is submitting a copy of this new Final EIS for placement in the Commission's Public Document Room at 1717 H Street, N.W., Washington, D.C., along with the other documents and bibliography previously forwarded and available there. For your convenience and for that of the other Participants in this proceeding, DOE also is transmitting under separate cover a copy of the Final EIS to each of the persons listed on the attached service list.

Very truly yours,

Omer F. Brown, II
Omer F. Brown, II
Attorney
Office of the General Counsel

cc: Ms. Elizabeth Shelburne
and as indicated on
attached service list
