COMMISSION
CORRESPONDENCE

June 11, 1980

Dr. Sigvard Eklund
Director General
International Atomic Energy Agency
Vienna International Center
P.O. Box 100
A1400 Vienna, Austria

Dear Dr. Eklund:

I appreciate your kind invitation to participate in the Round Table at the concluding Plenary Session of the Agency's International Conference on Current Nuclear Power Plant Safety Issues in Stockholm this coming October. I am pleased to accept your invitation and will look forward to this important conference.

I believe your concept of the Round Table discussion is an excellent one. Your outline of the points to be emphasized by the Round Table includes, in my view, all the elements that should be covered.

Yours sincerely,

A handwritten signature in cursive script, appearing to read "Joe Hendrie".
