Mr. James R. Miller, Chief  
Standardization and Special Projects Branch  
Division of Licensing  
U. S. Nuclear Regulatory Commission  
Washington, D. C. 20555

Subject: CENPD-255, Revision 1, "Class 1E Qualification - Qualification of  
Class 1E Instrumentation," July 1980.

Reference: Letter LD-77-108, A. E. Scherer to K. Kniel, dated October 14, 1977.

Dear Mr. Miller:

Transmitted herein are fifty (50) copies of Revision 1 of the non-proprietary report CENPD-255, which was originally submitted for NRC review via the reference letter. Revision 1 supersedes the original submittal of CENPD-255 in its entirety. The report describes the methodology used to meet the requirements of IEEE Std. 323-1974 for the qualification of Class 1E instrumentation equipment supplied by Combustion Engineering.

The information contained in this topical report is non-proprietary and may be reproduced or otherwise distributed without control. If any questions arise concerning this submittal, please feel free to contact me or Ms. J. C. Ennaco of my staff at (203)688-1911, Extension 2595.

Very truly yours,

COMBUSTION ENGINEERING, INC.
