

CHAIRMAN

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D. C. 20555

COMMISSION  
CORRESPONDENCE

June 20, 1980

Mr. James M. Frey  
Assistant Director for Legislative  
Reference  
Executive Office of the President  
Office of Management and Budget  
Washington, D.C. 20503

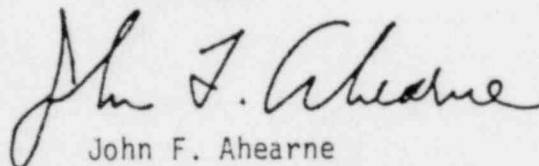

Dear Mr. Frey:

This letter responds to your request for the Nuclear Regulatory Commission's views and recommendations concerning S. 562, an enrolled bill to authorize appropriations to the Nuclear Regulatory Commission for fiscal year 1980, and for other purposes. The Commission has reviewed the provisions of this bill and on balance finds them acceptable. We recommend that the President sign the bill.

Two technical corrections which should be made in the text of the bill as finally printed are in Section 201. The "(a)" following "SEC. 201." should be struck. In the third line, the new subsection is designated "f". As far as we can ascertain, there is presently no subsection "e" in section 103 of the Atomic Energy Act.

Thank you for this opportunity to comment.

Sincerely,

  
John F. Ahearne
