ATTENTION: Mr. Victor Stello

Dear Sir:

In accordance with reporting requirements, the Connecticut Yankee Haddam Neck Monthly Operating Report 80-6, covering operations for the period of June 1, 1980 to June 31, 1980 is hereby forwarded.

Due to an oversight, the number of shutdown and reductions on the "Unit Shutdowns and Power Reductions" form was not zeroed as of January 1980, the numbering system was carried over from 1979. A correction has been made on the February 1980, March 1980 and May 1980 reports. The corrected forms are attached. To eliminate this from happening in the future, the numbering system will start with the year, a dash and then the shutdown or reduction number will be next. (Example: 80-3).

Very truly yours,

Richard I. Graves
Station Superintendent
