Uranium Process Licensing Branch

Gentlemen:

Subject: Advanced Waste Treatment Process
Description and Operations
Proprietary Application

Reference: WRD-LA-103 Dated April 7, 1980

The Westinghouse Electric Corporation hereby transmits additional information to support our request for an amendment to license SNM-1107, Docket 70-1151 to authorize the use of SNM in the Advanced Waste Treatment Process. The attachment to this letter supersedes in its entirety information previously transmitted by the reference. The information previously transmitted should be removed from our application and destroyed or returned to me.

Westinghouse requests that the accompanying portion of our application be withheld from public disclosure in accordance with the provision of 10CFR 2.790. The required affidavit supporting this request is attached.

If you have any questions regarding this matter please write me at the above address or telephone me on (412) 373-4652.

Very truly yours,
Ronald P. DiPiazza
