Mrs Patricia A. Street
P.O. Box 142
Middletown, Pa. 17051
July 9, 1979

Dear Commissioner Gelinsky,

I am writing to thank you for coming to Middletown on June 29th. I live in Londonderry Township, which as you are aware, is the host township for Three Mile Island. We have formed a group, which we named the Concerned Citizens of Londonderry, to do everything legally possible to close Three Mile Island.

The trauma we have experienced is unexplainable, especially those of us who have it in constant view. It would be a great help to our emotional health if the NRC were to issue reports, preferably daily, on the status of the Island. I can't recall when I last heard the core temperature, let alone what was actually being accomplished concerning clean-up operations.

8007210131,

down of Units I & II and that is growing daily. Surely, this will also have some consideration when you have to make a decision.

I can also assure you that no member of our group spoke out of turn or interrupted another speaker, because we do believe in freedom of speech and courtesy.

Thank you again for coming to speak.

Sincerely yours,
Mrs. Patricia A. Street,
