Fire Protection

On April 1, 1977 (GQL 0428), Metropolitan Edison Company submitted a Fire Protection Program Plan which outlined our activities with respect to the Three Mile Island fire protection. As a result of reorganization within the company, it has been necessary to revise the Fire Protection Program Plan to reflect the current organization. This revision is enclosed to replace our previous plan filed with you in April, 1977. The plan will be revised again following the issue of Appendix R to 10 CFR Part 50 "Fire Protection Program for Nuclear Power Plants Operating Prior to January 1, 1979", if changes are necessary.

Sincerely,

J. G. Harbein
Vice President
