Enclosed are two copies of the revised Big Rock Point Plant Site Emergency Plan for final approval. All changes and revisions including Appendix M have been made as you requested.

I will be changing the format of Appendix M so it is more easily read, and will forward it as soon as it is retyped.

If you haven't been notified by the Regional Advisory Committee (RAC) the Big Rock Point Plant exercise involving state and local government agencies is scheduled for June 24, 1980. The exercise will commence at 8:00 AM that date with the RAC critique following on the morning of June 25, 1980.
