SUBJECT: Extension of Expiration Date  
Certificate of Compliance No. 5450

U.S. NUCLEAR REGULATORY COMMISSION

JUL 2 AM 10 52

RECEIVED

Gentlemen:

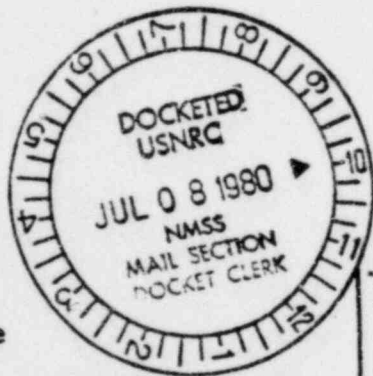

The Westinghouse Electric Corporation hereby requests an amendment to Certificate of Compliance No. 5450 which would extend the expiration date of the certification for a three month period, to October 31, 1980.

As the current certification expires on July 31, the request is necessary to assure that shipments requiring IAEA certification will be authorized after the July 31 date. The NRC renewal application for this package is almost complete and will be submitted during the next two weeks.

Please find enclosed a check in the amount of \$150.00 as payment of the amendment fee required by 10CFR 170. If you have any questions regarding this matter please write me at the above address.

Very truly yours,

*Ronald P. DiPiazza*
