Subject: Import License Application - Special Nuclear Material

Dear Mr. Devine:

Exxon Nuclear Company, Inc. hereby applies for a license to import up to 80,000 kilograms of uranium enriched to < 3.5 wt.% U-235 from the Union of Soviet Socialist Republic. Upon import into the United States, the material will be introduced into the fuel fabrication processes at our Richland, Washington facility.

The information required by 10 CFR 110.34 is provided in the attachment to this letter.

If you have any questions regarding this application, or if you need additional information, please contact me at (509) 375-7288.

Sincerely,

Leo E. Hansen, Senior Specialist
Criticality Safety and Physical Security
