Dear Mr. Hendrie:

As Co-chairmen of the Cordell Hull Speakers Forum at Samford University's Cumberland School of Law, it is our pleasure and privilege to extend to you an invitation to address our student body.

It has been a proud tradition at Cumberland in recent years to provide our students with a Forum composed of policy makers, political figures and notable leaders in the business and civic communities. Cumberland is the largest law school in Alabama with 700 students. Your audience would include students from 25 states, college students and members of the Birmingham community. Additionally, we have an excellent relationship with state and local news media, so we can assure you of extensive coverage during your visit.

May we suggest any Tuesday or Thursday during the period of September through Mid-November. We can be flexible on which weekday if necessary, to accommodate your schedule. The Forum programs are scheduled for 11:00 a.m. and we would like to host a luncheon in your honor following your address.

Because our program is funded entirely from student activities fees, we are unable to offer honorariums; however, we will of course, pay transportation and travel expenses.

We will look forward to hearing from you at your earliest convenience and we certainly hope that you can include Birmingham in your fall itinerary. Should you have any questions concerning our Forum program, please write us or call collect.

Sincerely,
