In the Matter of  
Application of Westinghouse Electric  
Corporation for a Special Nuclear  
Material License for the Alabama  
Nuclear Fuel Fabrication Plant (ANFFP)  
to be Located Near Prattville, Alabama  
Docket No. 70-2909

Gentlemen:

Enclosed please find a copy of the following:

- (1) Petition for Leave to Intervene and Request for Hearing filed by the State of Oregon in Portland General Electric Co. (Trojan Nuclear Power Plant), Docket No. 50-344, dated March 11, 1977, together with Affidavit of Donald W. Godard in support thereof;
- (2) Stipulation filed by the NRC Staff, Portland General Electric Co. and the State of Oregon in the above-mentioned proceeding, dated August 1, 1977, together with Attachments A and B thereto; and
- (3) Order issued by the Licensing Board, ruling on contentions in the above-mentioned proceeding, dated September 20, 1977.

These documents are being forwarded to you in accordance with our conference call of July 17, 1980, and are intended to serve as examples for your use in drafting contentions in this proceeding. Please note that Attachment A to the enclosed Stipulation contains contentions which the NRC Staff considered to be sufficient to satisfy the regulatory requirements for contentions, whereas Attachment B to the Stipulation contains contentions which the NRC Staff and/or the Applicant in that proceeding did not consider to meet the regulatory requirements; the Licensing Board in that proceeding admitted all of the contentions contained in Attachment A and some of the contentions

contained in Attachment B. You may also wish to note that affidavits in support of contentions are no longer required under the Commission's regulations.

Please do not hesitate to contact me if I may be of further assistance to you.

Sincerely,

Sherwin E. Turk  
Counsel for NRC Staff
