Re: Docket No. 50-133  
License No. DPR-7

Dear Mr. Engelken:

This is in response to your letter dated January 15, 1980 which transmitted IE Bulletin No. 79-01B concerning environmental qualification of Class IE equipment.

We plan to propose a schedule for submission of this information after the seismic issues that are now currently being studied have been resolved for Humboldt Bay Power Plant Unit No. 3.

Very truly yours,

*Philip A. Grone, Jr.*
