DOCKET NO. 70-2623

Duke Power Company
ATTN: Mr. William O. Parker, Jr.
Vice President - Steam Production
422 South Church Street
Charlotte, North Carolina 28242

Gentlemen:

We received your July 2, 1980 letter which transmitted, in accordance with 10 CFR 73.37, Revision No. 3 to the Spent Fuel Transportation Security Plan. The request for NRC approval of the proposed primary route outlined by the plan for the shipment of Oconee spent fuel to McGuire is subject to a fee.

Please note that upon completion of the review of the subject plan, a fee will be assessed in accordance with Category 13 (Special projects) and Footnote 8 of §170.31 of the enclosed Part 170. Footnote 8 provides that the fee or charge will be determined by the Commission based on the amount of manpower and support services required to conduct the review.

We have sent your plan to the Licensing staff for processing and upon completion of their review, the Commission will notify you of the fee due. If you have any questions concerning this matter, please let us know.

Sincerely,

Original Signed By
