Dear Mrs. Bowers and Members of the Board:

Pursuant to the Board's scheduling order, the California Energy Commission's proposed findings of fact and conclusions of law are due to be filed on August 1, 1980. We have recently found, however, that the Energy Commission meeting to approve our submission cannot be convened until August 1, 1980, due to an absence of a quorum prior to that date. In view of this fact, we respectfully request that our filing date be revised to Monday, August 4, 1980, so that we will have an opportunity to make any necessary changes in our findings after the Commission's meeting.

I have spoken with counsel for the NRC Staff and for the Licensee and they have no objection to the revision in filing dates.
