Dear Mr. Denton:

The meeting held between our staffs on July 16, 1980, was helpful in obtaining the information for OTA's study on nuclear power plant standardization. We very much appreciate your cooperation.

As I mentioned in my letter of June 11, 1980, a workshop will be held on either August 27 and 28 or September 2 and 3, 1980. Mr. William Kane, a member of your staff with extensive experience in the policy issues on standardization is an ideal participant in the workshop. We would very much like Mr. Kane to attend if possible. Arrangements for Mr. Kane's attendance could be made by your staff through Ed Abbott (225-5655) in OTA's Energy Program.

Thank you for your consideration.

Very truly yours,

Lionel S. Johns
Assistant Director
