Enclosed is a copy of the transcript of my deposition before the President's Commission on the accident at Three Mile Island. This copy has been corrected as I indicated in the attached certificate.

Your note dated August 15, 1979 asked that I indicate to you whether I object to making this transcript available to the Commission or to the Commission's investigation of Three Mile Island. My response to you in this regard is that I have no objections.

Further, your note requested that I provide you with a copy of the errata sheet and signature page that I will be sending to the President's Commission on Three Mile Island after corrections are made to their copy of my deposition. I will provide you with copies of both, when completed.
