George Frampton, Esquire  
NRC/TMI Special Inquiry Group  
Nuclear Regulatory Commission  
Washington, D. C. 20555

POOR ORIGINAL

Dear George:

Enclosed please find the following documents in response to Items III.1(b), III.2(a), III.3(a), III.4(a) and III.5(a) of the NRC/TMI Special Inquiry Group's request of August 13, 1979:

Requested Documents

Identification Numbers

Recordings of transformer continuous voltage, current and instantaneous power for auxiliary transformers 2A and 2B for March 28, 1979.

G/813-III.1-5 (Memorandum of R. W. Bensel)  
G/813-III.1(b)-1

Recordings of bus continuous voltage, current and instantaneous power for busses 2-3, 2-4, 2-1E, and 2-2E for March 28, 1979.

G/813-III.1-5 (See above)

Document G/813-III.1(b)-1 is a copy of the primary voltage recordings for auxiliary transformers 2A and 2B for March 28, 1979. No recordings of the other requested parameters for these transformers appear to exist.

As you know, all the other items originally included in your August 13, 1979, request were deleted by two memoranda dated August 17, 1979, from Ronald C. Haynes of your staff to Jack Guerin of Met-Ed.

Sincerely,

*Mat*

Matias F. Travieso-Diaz
