Dear Crissy:

I appreciate receiving your letter on the accident at Three Mile Island. I am also very sorry that my answer to your letter has been delayed for so long. We have been very busy here because of the accident, which is why we are late in answering your letter.

We have learned many important things from the accident. The lessons we have learned will help prevent future accidents. We are working very hard to improve the safety of all nuclear power plants.

I am enclosing copies of some announcements about the accident that you may find interesting to read. Also, you asked about Herman the Robot. Information about Herman can be obtained by writing to the following address.

Public Relations Office
Mr. H. I. Cobert

Crissy, I think you wrote an excellent letter and I enjoyed reading it. Keep up the good work.

Sincerely,

A handwritten signature in cursive script, reading "Harold R. Denton".

Harold R. Denton, Director
Office of Nuclear Reactor Regulation
