Mr. Dwight M. Lemmon
Assistant Chief Geologist
Engineering Geology
U. S. Geological Survey
Department of the Interior
Washington, D. C. 20242

Dear Mr. Lemmon:

This supplements our December 21, 1966 letter to you concerning the proposed two unit Oconee Nuclear Station.

Enclosed for your use is Amendment No. 1 to the Preliminary Safety Analysis Report submitted by Duke Power Company. It is important that the revised pages be inserted in your copy of the Duke application before you enter the corrections set forth in the Errata list included with Amendment No. 1.

Please note that information on the design of the dam is included in this amendment, and please consider this information in connection with your review.

Sincerely yours,

Original signed by:
Roger S. Boyd
