THRU: Roger S. Boyd, Assistant Director for Reactor Projects, Division  
of Reactor Licensing

OCONEE ELECTRICAL AND INSTRUMENTATION DRAWING REVIEW

At the request of the I & PT Branch, Duke Power Company and B&W informally provided Projects Branch No. 3 with Oconee RPS, ESF, and electrical systems drawings. These were received in the I & PT Branch January 12, 1970.

Please provide Projects with a schedule for completion of your review of these drawings including tentative meeting dates with Duke to discuss your concerns.
