Mr. Jim C. Watters
226 S. Cheyenne
Powell, WY 82435

Dear Mr. Watters:

Thank you for your inquiry about publications pertaining to the accident at Three Mile Island. I regret that this answer to your letter has been delayed. The accident and its consequences have created a substantial increase in the agency's workload, which has prevented us from responding to you as promptly as we would have liked.

Several Nuclear Regulatory Commission reports are currently available that discuss the accident at Three Mile Island. The reports, their availability, and their costs are as follows:

"Population Dose and Health Impact of the Accident at the Three Mile Island Nuclear Station" (NUREG-0558), \$3.50

"TMI-2 Lessons Learned Task Force Status Report and Short-Term Recommendations" (NUREG-0578), \$3.50

"TMI-2 Lessons Learned Task Force - Final Report" (NUREG-0585), \$2.50

"Investigation into the March 28, 1979, Three Mile Island Accident by the Office of Inspection and Enforcement" (NUREG-0600), \$10.00

These reports can be obtained by writing to:

Publication Sales Manager
Document Management Branch
U.S. Nuclear Regulatory Commission
Washington, DC 20555

All subsequent information about Three Mile Island and its availability are listed in "Title List of Publicly Available Documents: Three Mile Island - Docket 50-320" (NUREG-0568), and its revision, NUREG-0568, Revision 1. Both title lists can be obtained from the Publication Sales Manager at the above address for \$4.50 and \$5.50, respectively.

For other general information on nuclear reactors, I suggest you consult your school library or local public library for books and reports. I am enclosing here two report summaries which give details about the accident at Three Mile Island and effects on the health of the local population.

Sincerely,

151

Harold R. Denton, Director
Office of Nuclear Reactor Regulation
