MEMORANDUM FOR: J. H. Sniezek, Assistant Director for Field Coordination,
Division of Reactor Operations Inspection, IE
THRU: *8* G. Fiorelli, Chief, Reactor Operations and Nuclear
Support Branch
FROM: R. C. Knop, Chief, Reactor Projects Section 1
SUBJECT: RECORDING INSTRUMENTS - DAVIS-BESSE (AITS F30362H2)

It is requested that you review the attached memo from T. N. Tambling, dated April 5, 1978, with the appropriate NRR personnel to determine if any backfitting with regard to recording of system parameters should be imposed on the Davis-Besse facility.

Should you require any assistance, please contact T. N. Tambling or myself.
