Talked to **Bill Parler**

- He has found out that **Creswell** once worked for TVA. We need to figure out his relationship to Michelson and/or Ebersole. Could Michelson have been feeding info to Creswell to support concerns?
- Creswell was having problems with his management because he insisted on raising issues and problems. That is why it took so long for him to raise the issues.

Talked to Fitzgerald (OGC)

- The President's Commission wants to talk to J. h. Kohler, J. E. Foster, Region III, and D. Anderson, Region IV about a meeting on February 14, 1979 at Lynchburg concerning the Creswell memo.
- We need to talk to (debrief) the people and get copies of any documents that they provide.
- Contact: Dudley Thompson.

11 July 1979

Called **D. Anderson** (IE:RIV)

- He's the Region IV inspector who was at B&W when Koehler and Foster made their investigation of the **Creswell's** concerns.
- He did talk with the President's Commission for about 2 hours.
- Anderson had lunch with Koehler at B&W. He asked Koehler what he was there for. Koehler said "Creswell's a trouble maker and we're here to shut him up." Anderson made a note "shut him up" in his inspection diary. He had the diary with him when he talked to the President's Commission, they asked to see it, he showed it to them, and explained the meaning of the note.
- He has not yet received the transcript of the interview. He wants to contact the President's Commission and the OGC lawyer to see if they have any objections. He has no objection to sending a copy to us.

11 July 1979

Called Koehler Creswell

-- He returned my call but said he was too busy to talk now  
but he'd call back about 12:30 pm.

12 July 1979

Returned a call from Lee Spessard (IE:RIII). **CRESWELL**

- Koehler works for him. Spessard's concerned that too many things are distracting Koehler from his inspection program at Zion (he's now the resident inspector).
- Spessard suggested that Koehler send a copy of the Presidential Commission transcript.

20 July 1979

Called Spessard (IE:R III) Koehler's deposition. (Creswell)

- Koehler will give it to Spessard who'll send it to me.
- As of yesterday Koehler hadn't received it yet.
- Spessard will call me when it's in the mail.

23 July 1979

(ceeswell)

Called Anderson (IE:R IV). He has not yet received a copy of the transcript of his interview with the President's Commission. Mallory (NRC:OGC) has received a copy so Anderson expects to receive his copy soon. He'll send a copy to me.

23 July 1979

(CRESWELL)

Called Foster. Asked that he send a copy of his deposition concerning the Foster/Koehler/Anderson meeting he said he would.
