Mr. Jack Herbein
Vice President
Metropolitan Edison Company
P. O. Box 542
Reading, Pennsylvania 19603

Dear Mr. Herbein:

The Nuclear Regulatory Commission (NRC) appointed Special Inquiry Group into Three Mile Island is interested in obtaining information on the management structure of Metropolitan Edison Company, General Public Utilities Company, and General Public Utilities Service Company, for purposes of assessing the accident at TMI-2. In your capacity as designated NRC contact for Metropolitan Edison Company we are asking you to compile and make available the information requested in the attached list.

Please return your reply to the Special Inquiry Group on or before July 13, 1979. If you have any questions regarding this request please contact David Evans at 301-492-8947.

Sincerely,

Mitchell Rogovin, Director
NRC/TMI Special Inquiry Group
