Dear Mr. Guerin:

Reference: TMI Nuclear Station  
Operator Training  
B&W-STP-8003  
P. O. 40479

As requested by Mr. J. G. Herbein, Assistant Superintendent, Three Mile Island Nuclear Station, we are pleased to quote a firm price of \$19,500 for the additional service of one two-week pre-license review course to be given at PURCHASER's facility, to provide trainees with PWR Systems review prior to cold licensing. The subject matter to be covered will be a duplicate of that material to be presented during the Reactor Operator examination course as described in the Babcock and Wilcox Proposal A4-7B.

Our offer is firm for acceptance by the Metropolitan Edison Company prior to January 18, 1974 for conducting this course prior to April 8, 1974. The exact dates to be established by mutual agreement with four weeks notice required for performance.

Contractually the above work can be implemented by a change order to your Purchase Order Number 40479 and subject to the terms and conditions of the Babcock and Wilcox Proposal A4-37, Contract STP-8003.

If there are any questions concerning this offer, please let me know and every attempt will be made to resolve them.

Very truly yours,
