Pa. <sup>8/19/77</sup>  
claiming TMI  
Vollmer (4)

Commissioner Bradford

I'm writing to express my concern on the nuclear industry. I'm from Lancaster, Pa. about 30 miles from Three Mile Island. I don't like what's been happening up there. Also, I don't appreciate not being told the truth it causes much mental stress. Due to facts I've read and many others in the area want TMI closed permanently, and no water dumped into the rivers. The health of our children and many generations to come depends on what we do now. While we still have the chance.

Thank-you
