Dear Ms. Knarr:

Thank you for your inquiry about free literature pertaining to the accident at Three Mile Island. I regret that this response to your letter is too late to be useful to you in preparing your term paper. The accident and its consequences have created a substantial increase in the agency's workload, which has prevented us from responding to you as promptly as we would have liked.

We are enclosing summaries of two reports (NUREG-0558 and NUREG-0600) which may provide some material which may be useful to you in the future.

Other Nuclear Regulatory Commission reports are currently available that discuss the accident at Three Mile Island. The reports, their availability, and their costs are as follows:

"Population Dose and Health Impact of the Accident at the Three Mile Island Nuclear Station" (NUREG-0558), \$3.50
