Dear Mr. Burt:

Your letter to the Commission requesting information about the accident at the Three Mile Island nuclear station has been referred to me for response. I regret that this answer has been delayed. The accident and its consequences have created a substantial increase in the agency's workload, which has prevented us from responding to you as promptly as we would have liked.

All current information about Three Mile Island and its availability are listed in "Title List of Publicly Available Documents: Three Mile Island - Docket 50-320" (NUREG-0568), its revision, NUREG-0568, Revision 1, and Supplement 1, copies of which are enclosed for your information.

I am pleased to provide you with this information.

Sincerely,

A handwritten signature in dark ink, appearing to read "R. Vollmer".
