

10/17/79

Two Additional Questions For Mr. Case.

1. Under 10CFR 55.59<sup>109</sup> the Commission may require the backfitting of a facility if it finds that such action will provide substantial, additional protection which is required for the public health and safety.

Is this the criterion which is applied for R3C decisions placing requirements in Category III?

2. Do the members of R3C participate as individuals, solely or as representatives of their offices?
