MEMORANDUM FOR: Max W. Carbon, Vice Chairman
Advisory Committee on Reactor Safeguards

FROM: Mitchell Rogovin, Director
NRC/TMI Special Inquiry Group

SUBJECT: SPECIAL INQUIRY INTERVIEW OF ACRS

I am writing to confirm the arrangements that have ~~been made~~ for the Special Inquiry to interview the members of the ACRS on October 6, 1979. The arrangements are as follows:

- (1) We will interview the assembled members of the ACRS. A response or statement by an ACRS member will be considered a personal view of the individual and not an ACRS position.
- (2) The session will be an interview conducted by the Special Inquiry and not a meeting of the ACRS. As with all our interviews it will be closed to all but the participants. Any member of the ACRS may have an attorney present or any person he wishes to accompany him.
- (3) The interview will be conducted in Room 1046 at 1717 H Street, N.W., Washington, D. C. It will commence at 8:30 AM and is expected to convene about noon. Prior to the actual interview we plan to make a short presentation to the assembled members in order to inform them of the history of the Special Inquiry and the current status of its investigation.
- (4) A transcript of the interview will be taken by a court reporter to be provided by the Special Inquiry. A copy of the transcript will be provided to the ACRS. A copy will be publicly available at the completion of our investigation.
- (5) The Special Inquiry will have about twelve members present; I will coordinate their participation. The control of the Special Inquiry interview will be my responsibility.
