REGULATORY DOCKET FILE COPY

Dear Michael,

I appreciate receiving your letter on the accident at Three Mile Island. I am sorry that my answer to your letter has been delayed for so long. We have been very busy here because of the accident.

We have learned many important things from the accident. The lessons we have learned will help prevent future accidents. We are working very hard to improve the safety of all nuclear power plants.

You asked for some information about the accident. I am enclosing a summary of a Nuclear Regulatory Commission report on the accident that you may find interesting.

Sincerely,

Harold R. Denton, Director
Office of Nuclear Reactor Regulation

Dear Mr. Carter,
I am very interested in the
nuclear reactor crisis that has caused
so much commotion, could you possibly
send me some information on this
subject.

Thank you,
