Mr. Bernard Workman  
 21 Chapel Place  
 Great Neck, N. Y. 11021

Dear Mr. Workman:

Your letter to Commissioner Hendrie of December 20, 1979, was referred to me for response.

Our records indicate that Robert Capra, NRC's B&W Project Manager, telephoned you on October 3, 1979, to discuss the technical issue raised in your letters of May 22 and June 22, 1979. Mr. Capra's note of the conversation indicated that you did not request that we send you a follow-up letter. Should you desire additional information, however, please call Mr. Capra at (301) 492-7745.

Sincerely,
