Office of Nuclear Reactor Regulation

Sir:

An invitation to attend a meeting on the Programmatic EIS for the Clean up at TMI#2 was delivered today. The date of the meeting is 1-29-80. The date on the letter is 1-14-80. On 1-14-80, I received a letter from the PR 50,51 , Waste confidence Hearing Board. This letter of Notice was dated 1-10-80. It announced a meeting or Prehearing Conference on 1-29-80 also ! Now , there is a conflict. Both the PR 50, 51 and the Programmatic EIS are scheduling events on 1-29-80. According to the Docketing Division Stamp, the PR 50,51 Pre Hearing <sup>WAS</sup> ~~was~~ scheduled for 1-29-80 first.

Several participants in the PR 50, 51 Prehearing are also participants in the TMI#1 Docket 50-289 and have filed letters of intent to participate in the TMI#2 Programmatic EIS. These participants include , but are not limited to , myself, ECNP, and Karen Sheldon.

The only fair solution is to reschedule the Programmatic EIS for a later date. Your meeting was scheduled after the notice of the PR 50,51 Prehearing was sent out.

Marvin I. Lewis, Intervenor.

cc.: Senator Schweker, GLB, ECNP, Tom Bradford.
